GVM MART, TULLAMORE, CO. OFFALY, R35 A662

TEL: 057 932 1196

Saturday 15th November at 1pm

Online bidding with LSL

**In Lamb Hogget &
Breeding Ewe Lamb Sale**

BELCLARE FEMALE SALE

41 in Lamb Hoggets

12 Breeding Ewe Lambs

All Hoggets scanned the morning of the sale

Because you CAN have Quality with Quantity

Conditions of Sale

1. The highest bidder will be the purchaser. If any dispute should arise between two or more bidders, the lot in dispute will be put back up for auction and resold or the auctioneer may declare the purchaser.
2. All sheep are to be removed from the mart at the expense of the purchaser by the close of sale. All sheep are at the risk of the purchaser from the time of purchase and are to be taken with any faults or errors of description. All purchases are to be made with the distinct understanding that no guarantee or warranty is given and shall be the risk of the purchaser from the fall of the hammer.
3. All animals are sold as they stand, and the purchaser is deemed to have examined each animal to fully satisfy him/herself with the sheep prior to purchase.
4. Animals are sold in euro and are subject to mart fees. The purchaser is responsible for payment upon fall of the hammer.
5. Sellers and auctioneers hereby excluded have described the sheep to the best of their ability and knowledge, any express or implied conditions, warranty or representation statutory or otherwise.
6. Each purchaser is to give their name and other required information to be assigned in advance of the sale. A unique purchaser number will be assigned at this time.
7. All statements in the catalogue or announced by the auctioneer at the time of sale in relation to a sheep are believed to be correct. This information will be guaranteed by the vendor and no liability will be taken by the Auctioneer or committee for the statements appearing in the catalogue. The vendor is therefore responsible for any error or misrepresentation.
8. Service dates and service sires are stated in the catalogue but no guarantee can be given in relation to the accuracy of the dates or sires. Ewes are scanned in lamb on the day of sale but this only stands on sale day. Ewes cannot be guaranteed in lamb beyond the sale day and the number of lambs they carry cannot be guaranteed whatsoever.

EuroStar Evaluation Explanation Page

Important: The Pedigree Information printed in this catalogue is as supplied by or on behalf of the breeder. The responsibility for the accuracy of the information therefore rests solely with the breeder and not Sheep Ireland.

Evaluations should **never be the only tool** you use when selecting animals for breeding. Animals must also be examined to ensure the animal is also physically correct; an animal that is not physically correct (ie. mouth, feet, etc.) cannot compensate for this fault regardless of its evaluation and should be avoided for breeding purposes. See below how to interpret the EuroStar catalogue.

★★★★★

€uroStars – How to interpret them

- Each star represents where the animal ranks on each index in 20% bounds
- One star** represents the **bottom 20%** of the breed for that trait
- Five star** represents the **top 20%** of the breed for that trait
- The higher the stars, the higher the predicted profitability of that animal

Animals that only have the outline of a star represent animals that have within flock evaluations, this means the star rating of these animals cannot be compared to any other animals from a different flock.

Rank

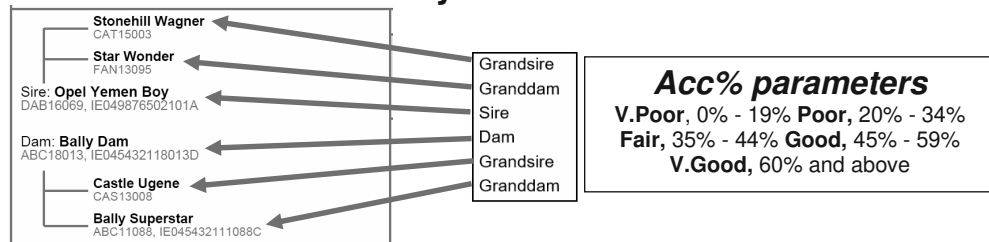

- This figure indicates more precisely where the animals rank within the breed. eg. Top 16% (see example below)
- This is displayed with a shaded line, the further to the right these are on the scale, the better its position within the breed.

Acc% (Accuracy%)

- This figure is very important as it represents the amount of data behind each evaluation. Where Acc% is low, much less emphasis should be placed on the evaluation, and vice versa.
- Accuracy is displayed for the Replacement & Terminal Indices. It is not displayed for the four sub-traits. If an animal has high accuracy on Replacement & Terminal, it will be high accuracy across all traits.

Ancestry Information

- Replacement (€3.44)** – If a farmer desires a ram to breed both lambs both for slaughter and replacement ewe lambs then they should select a ram based on this index. The bulk of this index is a combination of Lamb Survivability, Days to Slaughter, No. of lambs born & Daughters milk. The € value beside the index represents the difference in profit that each lamb sired from this ram will have. This € value is an across breed value, so different breeds can be compared to each other.
- Terminal (€2.86)** – If a farmer desires a ram to breed only lambs for slaughter then they should select a ram based on this index. The bulk of this index is a combination of Lamb Survivability and Days to Slaughter. The € value beside the index represents the difference in profit that each lamb sired from this ram will have. This € value is an across breed value, so different breeds can be compared to each other.
- Lamb Survivability** – This ranks animals based on lambing ease and lamb survival rate. Every positive % point on this index is an extra lamb surviving to 40 days and vice versa.
- Days to Slaughter** – This ranks animals on their genetic ability to grow. The index associated with this trait represents the difference in the predicted number of days required for the progeny of this ram to reach the desired slaughtered weight compared with other animals of the same breed.
- No. of Lambs Born** – This ranks animals based on the predicted prolificacy of the females from this animal compared with other animals of the same breed.
- Daughters Milk** – This ranks animals based on the predicted milking performance of their daughters compared with other animals of the same breed.

Membership Application Form

Name: _____

Address: _____

_____ Eircode: _____

Tel: _____ Mobile: _____

Email: _____ Flock Designator: IE04 _____

Herd No: _____

Flock Name: First Choice: _____

Second Choice: _____

I _____ wish to apply for membership of the Belclare Sheep Society. I agree to be bound by the terms and conditions of the society and agree to pay a joining fee of €127 and €1 for one share in the Society (€128 total by cheque or PO). I understand that I need to possess at least three pedigree registered Belclare females to become a member of the Society.

Signed: _____ Date: _____

This form should be completed, signed and sent with appropriate fees and pedigree certificates of your Belclare females to:

**Jillian McCarthy,
Ballybeg, Buttevant, Co. Cork.
085-2774010.
belclaresec@gmail.com**

All pedigree certificates will be returned to you. Cheques or postal orders must be made payable to the Belclare Sheep Society.
